

Our Protest...

AGAINST WHAT?

The heretical Zionist State, which has ruled over the Holy Land close to fifty years and whose entire purpose is to uproot Torah and faith from the Jewish people, continues to this day its policy of desecrating all that is precious and holy.

At present they have defiled Jewish graves on Mount Tsofim in the vicinity of Jerusalem. Shockingly they removed 27 coffins containing the remains of those buried at the time of the Second Temple (approximately 2,000 years ago.) This abomination was done on the Holy Sabbath during which work by any Jew is strictly prohibited. Thus, the sin of cemetery desecration was compounded via Sabbath profanation.

Parenthetically, this travesty took place at the same time that the Egyptian government has agreed to cancel the construction of an Islamic House of Worship because it would involve disturbing a Jewish cemetery. Yet, the Zionists remain completely insensitive to the cries of those G-d fearing Jews whose hearts have been rent asunder by the sight of their holy sites desecrated.

All this serves as yet another proof that the Zionist State which has seized for itself the holy name of "Israel" has in truth no connection whatsoever with the Jewish people. Indeed, what people would dare to cruelly desecrate that which is most sacred and precious to itself?

In light of all the foregoing, thousands of Jews loyal to G-d and His Torah will gather in order to offer a

PROTEST

**at: The Zionist Consulate 800 2nd Ave. Cor. 42nd St.
December 16, '991 at 3:30 P.M.**

The gathering will protest against the profanation of grave sites and also to proclaim to the entire world that we the Jewish people have no part with or connection to the Zionists. Furthermore to proclaim that they in no way serve as representatives of our people.

At this meeting we will return once again to clarify our steadfast opposition to the basic ideal of Zionism which stands in total conflict with the Torah, and to re-affirm our adherence to the Divine Commandment to accept the yoke of exile. We declare our rejection of all those desiring to make of our people a "nation" at war with others and attempting to conquer other lands. Our sole hope is for a Heavenly Redemption which will come about through the Messiah.

We hope and pray to the Creator that we may be worthy to witness the end of the Zionist State, the ultimate tragedy which has befallen the Jewish people in our generation. May we also be worthy to see the Glory of Heaven, revealed speedily in our days. Amen.
